

Adobe Illustrator CC - Part 2

Overview

In this course, students will use painting tools, manage colors, format type, work with effects, prepare artwork for commercial printing, and prepare graphics for the web. This course may earn a Credly Badge.

Prerequisite Comments

To ensure your success in this course, you should be familiar with basic computer functions such as creating folders, launching programs, and working with Windows. You should also have basic Windows application skills, such as copying and pasting objects, formatting text, and saving files. Familiarity with basic design terminology, such as palettes, color modes, shapes, text, and paths, is highly recommended.

Target Audience

This course is intended for designers, publishers, pre-press professionals, marketing communications professionals, or people taking on design responsibilities who need to use Illustrator to create illustrations, logos, advertisements, or other graphic documents.

Course Objectives

Upon successful completion of this course, students will be able to use Adobe Illustrator CC to create complex illustrations, format illustrations and type, and prepare documents for print and web.

You will:

- Draw complex illustrations.
- Enhance artwork by using painting tools.
- Customize colors and swatches.
- Format type.
- Enhance the appearance of artwork.
- Prepare content for deployment.
- Set up project requirements.
